### 為無家可歸者事工禱告

*Boston Community Chaplain Ministry* Prayer/Newsletter June 2023

Greetings Prayer partners at Emeth Chapel,

For years my overall vision has been that the people that I encounter that are experiencing homelessness or are in crisis would be able to find their **HOME** in Jesus. I would hope that they would find hope and peace in salvation on earth, and a house, but that together we would also be able to live eternally in the mansions prepared for us by Jesus Christ.

A secondary vision is that each shelter and program in the city would know and be familiar with a Christian person or group so that the staff or participants could have someone they could turn for spiritual support in a time of need. We are not there yet, but the way these visions are worked out is day by day, week by week and looking for new opportunities to engage people.

Last week visited Whittier Street Clinic's Day Shelter. It was such a surprise, to find this smaller day shelter where men and women can stay during the day and connect with their case workers, doctors, and other care providers. They were very happy to meet us, and the director

invited us to come and do occasional groups there. A couple of the women that have been our groups at the overnight shelter were at this day shelter, so there is some carry over, it might help us get more of a core group where the relationships can develop. We need your prayers.

**Pray** for us as we consider how best we can reach the folks that are at Whittier Street Clinic engagement center, where there seems to be an open door.

**Pray** for **CH** as she prays to be reunited with her two sons, she seems to be on the right path, but possibly optimistic in the time frame.

**Pray** for **H** who is generally an enthusiastic participant. Last time she was feeling very down and frustrated because she had applied to a new program on recovery from Cocaine use, but she had not heard when it was to start. Pray that she, and others who are ready, can get in the outpatient programs soon.

**Pray** for **D**, a voracious reader from the men's shelter. He said he had trouble reading the Bible, but he wanted to connect to God more. We promised to bring him a book of the Bible in paragraph form. But he was not there the next week and now the folks at the shelter are looking at the hospitals to see if he can be found. His health was fragile. We really want to see him again and continue the conversation he started.

At our shelter groups we are talking about Gratitude or Thankfulness and thinking about different ways to express it. A thankful mind set can help us appreciate what we have and can improve our social, mental as well as spiritual life. **Pray** that life at the shelter can feel different after a month of overt thankfulness.

I must close with my own thanks to you for your prayers and support for me and the work of Boston Community Chaplain Ministry

### 為在菲律賓的 Dr. Phyllis 禱告

1. 她在診所使用的平板電腦(Tablet)從診所被竊了，這是特別用來與超音波機器連接做紀錄用的。求主恩待，使電腦可以找回來。在當地文化裡這是很嚴重的事，求主賜給 Dr. Phyllis 有智慧來處理，為神作見證。

2. 請繼續為 Dr. Phyllis 牧養和造就年輕的信徒代禱。其中三位女孩(其中一位是 Roxsan 的女兒)被基督教私立高中錄取，她們決定去就讀。當地公立高中對此很不滿，作出一些威脅。求主保守這三位女孩的信心和安全。
